

*Flourishing Faith (4):
What Do You See?
Hebrews 3:13
July 3, 2016
Encourage one another...*

- REMEMBER the 60:60 Experiment:

Dear God, Might there be something you want me to notice here?

Is there someone you want me to connect with?

Is there something you want to communicate to me?

(Keep at it – you'll probably need AT LEAST 60 days to start experiencing the truly positive effects of this exercise!)

- When you see something broken, what do you tend to focus on:

- the damage

- the potential

(think of some recent examples)

- When we pray a Prayer of Confession in church, where does your mind tend to focus?

How do you think God tends to see us?

- Do you know John 3:16 *(Have it memorized?)*

Can you, even vaguely, recall John 3:17 *(Bonus points if you do, most don't)*

- God is not out to C_____

He wants to S_____

(compare to Romans 8:1; check out also v.2, 18, 28)

- What does God see in us?

- Should we as a church be willing to say, “Come as you are.”?

- How does growth in character and spirit happen?

- Reflect on these verses:

- 1 Corinthians 9:24-25

- 1 Timothy 4:7-8

- Hebrews 3:12-14

Where might the Spirit of Jesus be nudging you to pay attention?
